Studying need for recreation director

A recreation director will not be hired in Dysart et al until further study is done on the matter.

Dysart council last week passed a motion which stated "That a decision for the hiring of a recreation director be deferred for a later date, so that further information can be obtained."

The motion was moved by

Deputy Reeve Harold Bannan who has been in favor of a recreation director and seconded by Roy Brohm who has expressed some doubts about hiring a director.

Mr. Bannan, at a previous meeting had told the council that he would be bringing a motion to them to see if the municipality was going to hire a recreation director.

Man charged with break and enter

A Downsview man has been charged with two counts of break, enter and theft and one count of possession of stolen property as the result of a break-in at the Candlewood Store and Steinbergs residents in Hal-

iburton.

On June 17, Constable Mike Maher located some property which appeared to have come from the Candlewood Shop. Maher contacted the store and advised them that they had been broken into. About \$75 in property has been recovered.

Charged is Mark Randolph Nunn, 21.

Haliburton resident dies in crash

Uwe H. Feuerstein, of R.R. 1, Minden, is dead as the result of an accident June 15 on Highway 519 west of Lochlin.

The Minden detachment of the Ontario Provincial Police report that the 20-year-old man was driving a pick-up truck when it failed to negotiate a curve and the vehicle entered the west ditch rolling over and throwing him out. The accident took place at 1:20 a.m. and they found it at about 7 a.m.

There was \$90 damage to six Ministry of Transportation guideposts and the truck was a total wreck.

Feuerstein worked for the Haliburton Legion and his next of kin live in Toronto.

There will be no inquest or postmortem.

The Dysart Community Centre Fund has reached a total of \$17,125 with its recent donations. The goal for the fund is \$25,000.

Recent donations include \$200 from Bishop and Wilson, \$150 from Travelways, \$50 from R. Grant of Bernsteins, \$50 from Steinbergs, \$25 from King Seagrave Ltd. and \$10 from Alfred Hartwick. Donations may be sent to Box 382, Haliburton.

Ken Langdon, Dick MacLean, Kinsman Chairman of the Highland Home and Vacation Show, John Parrish, incoming president of the Kinsmen, and Richard Biagi, president of Kinsmen, show the \$500

cheque presented to Mr. Langdon for winning the 50-50 draw at the show.

Kinsmen Club

2,500 see first Home Show

There was just about everything you could possibly want to see at the Highland Home and Vacation Show, held last weekend and an estimated 2,500 people saw it all.

The Kinsmen Club's first attempt at the show was an

unqualified visual success too.

There were displays of varied shapes and sizes filling the entire arena floor, representing what the businesses of Haliburton have to offer.

There was something for

everyone. Microwave ovens seemed to be a big item with the curious. For the children, watching the TV's was a popular pastime. For the young, but older, there was every kind of stereo imaginable.

Building supplies where

by far the biggest items with fathers with plumbing, lumber and construction businesses all represented at the show. Then, of course, there were the canoes, boats and cars.

The wide aisles were

always being strolled by couples, young, old, singles, or families. To keep them going was a Kinsmen concession stand at the food booth by the entrance.

See page three for pictures and story.

Park proposal is close to being a reality in village

Dysart council only needs the final approval of Canadian National Railway's management board, for the sale of a piece of land, to build a new park around the mouth of the Drag River at Head Lake.

The park, which will incorporate the present existing park and beach area will also include the area between the railway tracks north to the river.

Dysart et al Reeve, Murray Fearrey, told The Echo

that the estimated cost for the park is \$140,000 and the municipality is hoping to get the funds through Wintario and the Ministry of Culture and Recreation.

He pointed out that the final decision on these funds is pending the approval for the CNR to sell the land to the municipality.

Reeve Fearrey said that the park has been thought of by the municipal council for some time in order to complete the proposal for

Rotary Beach.

The park, which will create a recreational area from the public docks to Rotary Beach, has a number

of proposals for activity areas. In the drawing of the park the proposals are for a shuffleboard, band shell, a foot bridge across the river,

baseball diamond and athletics field and a picnic area.

Reeve Fearrey said that there are also some plans for improvements to the Rotary Beach area.

5.94 per cent increase for elementary school teachers

Elementary School teachers in Haliburton and the Board of Education have agreed on a 5.94 per cent pay increase for the teachers this year.

The average salary for an elementary school teacher in the county is now \$16,682. a year. The starting rate in the lowest category is \$9,000.

John Fitzgerald, spokesman for the elementary teachers and Len Salvatori, spokesman for the Board of Education, in a joint release said that both parties were pleased with the outcome of the negotiations.

Mr. Salvatori said that the negotiations were never strained and the elementary school teachers understand the "economic conditions of the country and bargained with that in mind."

The contract was settled after only two meetings between the board and the teachers, one to set the

ground rules for the negotiations and then a day long session in April.

Mr. Salvatori pointed out that legislation calls for at least one meeting between the groups.

In addition to the salary increase the teachers also have a Cost of Living Allowance Clause which provides for an allowance if the cost of living index rises over 10 per cent.

The salary increase has been set on a grid type of chart which was designed to give some equality in salary increments.

Mr. Fitzgerald pointed out that the equality was a main "thrust" of the negotiations.

The teachers presented the grid in that fashion to the board and Mr. Salvatori pointed out that the board was in agreement with the plan.

The contract is for one year, from September 1977 to September 1978.

OMB hearing is in favor of Dysart

For the amount of money involved the Ontario Municipal Board hearing, last Wednesday, was short, but sweet for one side as Dysart et al received a favorable decision from OMB judges A.B. Ball and W.W. Blair, author of the Blair Commission on Property Tax Reform report. The decision prohibited the introduction of market value assessment figures which Anson, Hindon and Minden; Stanhope and Sherborne, McClintock and Livingstone wanted to introduce as a means of re-adjusting the current county apportionment based on the means of assessment frozen since 1969.

Robert Weeks, counsel for those townships, argued that the new figures, although they are not the current local means of assessment, should be used because they would allow for a more "just and equitable" apportion-

ment, as allowed for by Section 507 (7) of the Ontario Municipal Act.

Mr. Ball said that the first question to consider was whether or not the OMB board could consider using market value assessment figures. He noted that the Municipal Act states that apportionment will be based upon the "last revised assessment roll".

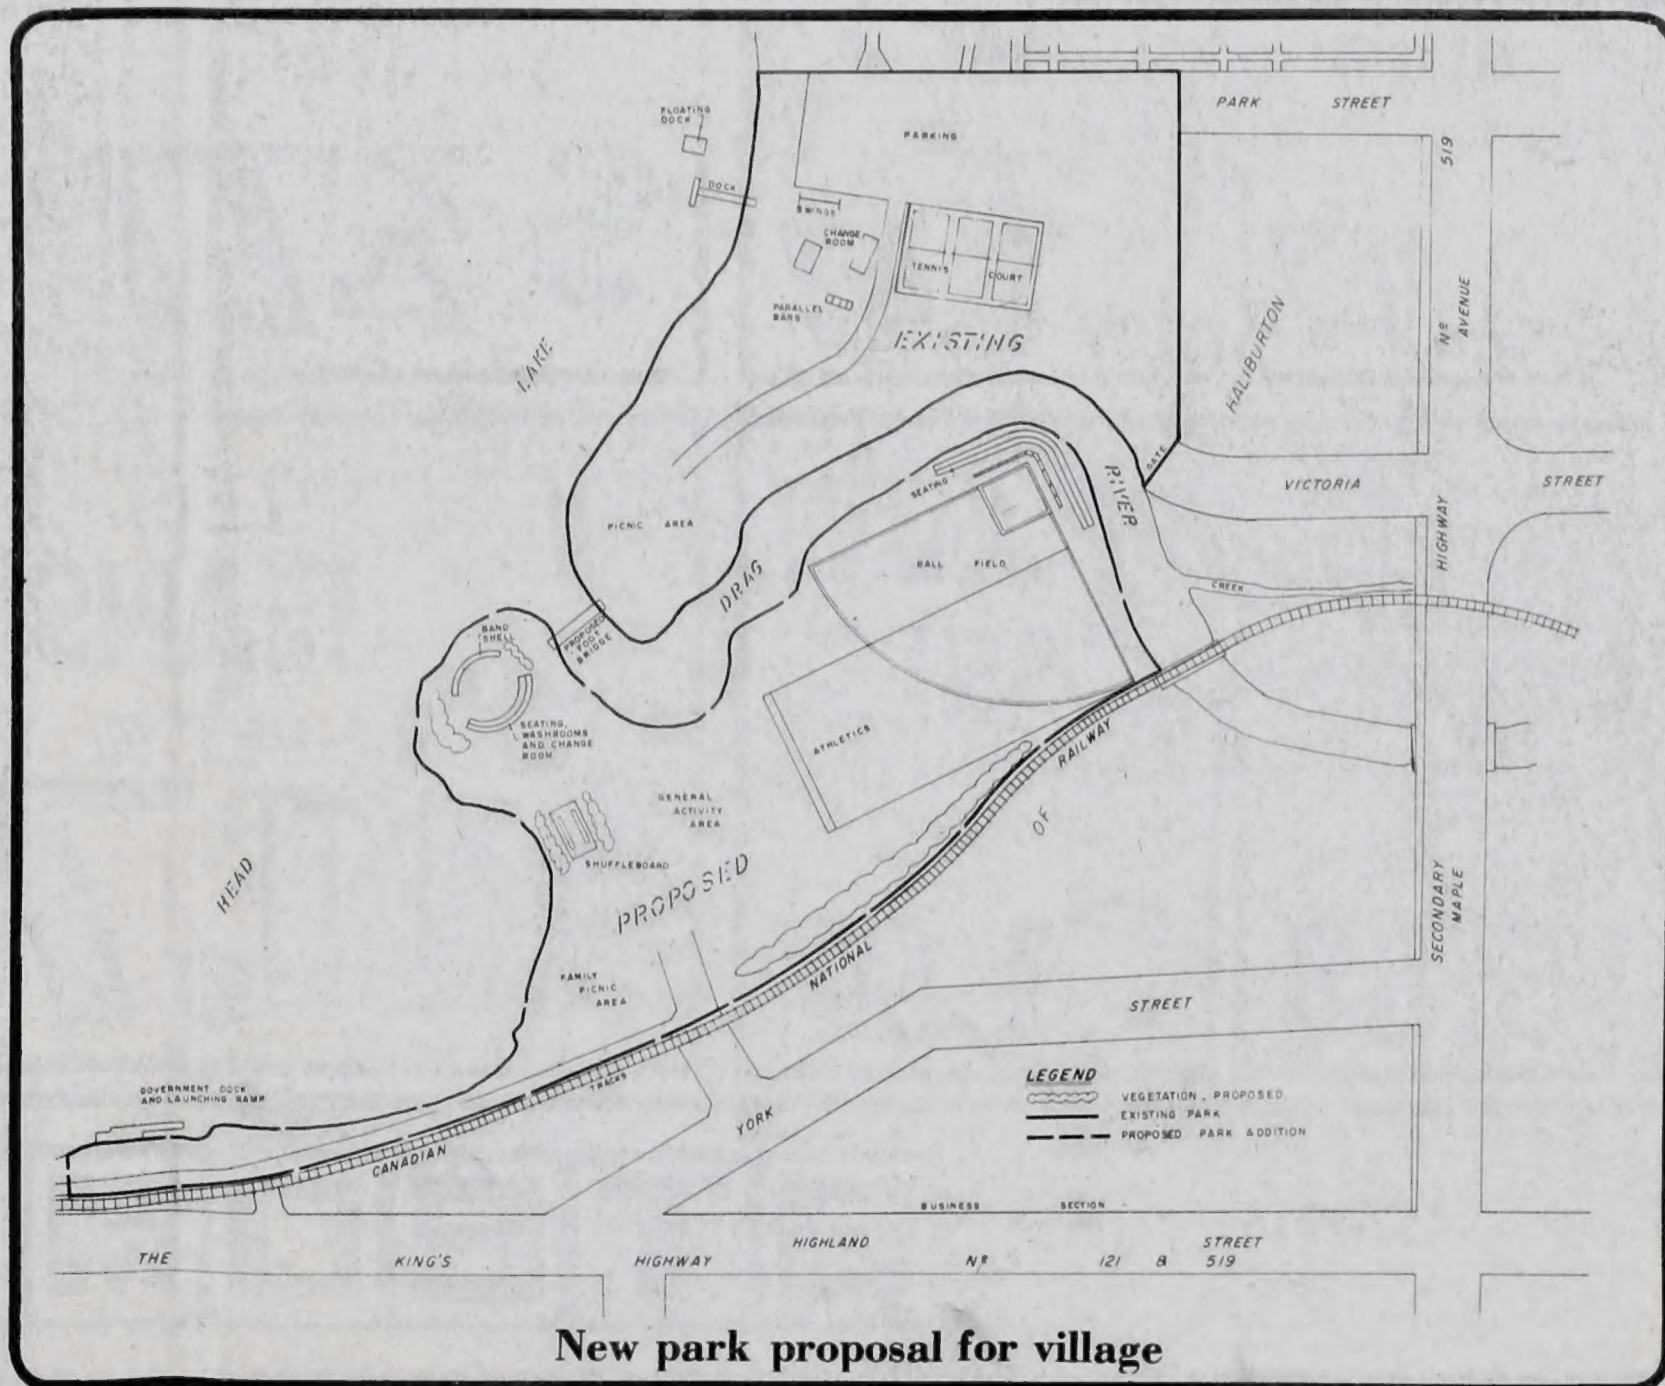

Mr. Weeks pointed out that paragraph 10 of section 507 dealing with a hearing by the OMB, makes no reference to what information the board can hear. He said that the OMB could render the apportionment more "just and equitable" by using the market value assessment figures he wished to introduce. "In fact it (the legislature) has given you carte blanche to consider whatever you want," he said.

Cont'd on page 2

Jerry Wood, Haliburton (left) and Dennis Baker, teacher at H.H.S.E.S. stand beside the boat Mr. Wood won in a draw from the Boy Scouts. Mr. Baker said the proceeds will help send Scouts from

Haliburton to P.E.I. for the Canadian Jamboree. The boat was built by Bob Barry, West Guilford and donated to the Scouts. Local businesses donated material.

New park proposal for village

Playtime School graduates

70th anniversary of Minden Women's Institute

It was a lovely day and the United Church Hall was the setting for Minden Women's Institutes 70th Anniversary celebration.

This was a noon luncheon at which guests from the ten branches of Victoria East and members and guests from our village enjoyed the meal. The tables looked attractive with the delicious food and vases holding roses in gold and blue. W.I. grace was sung in unison and head table guests were Mrs. O. Carew, President Victoria East, Mrs. R. Hopkins, Past President, Victoria East, Mrs. R. Johnson, President, Victoria West, Mrs. J. Junkin, 1st Vice President of Central Ontario Area, Mrs. A. Gilles, Secretary Treasurer, Victoria East, Mrs. Lyman Cox, Minden President, Mrs. A. S. Kernohan, Minden Treasurer, Mrs. S. Ewing, District Director, Minden.

After the meal Mrs. L. Cox and Mrs. O. Carew cut the anniversary cake and the former passed this around.

While the tables were being cleared the ladies chatted or looked at the Tweedsmuir History Books or bazaar items.

The M.C., Mrs. Sears, called the ladies to order and the programme began with O Canada, Ode, Mary Stewart Collect and Lord's Prayer.

Mrs. Lyman Cox, President, then welcomed the ladies and introduced our District and Area officers and mentioned that we had honored Queen Elizabeth II on the occasion of her Jubilee with portraits and flags.

Several solos of period songs were given by Mrs. S. Ewing, accompanied by our pianist Mrs. P. Clarke.

No programme is complete without some humour and Mrs. W. Locke then gave us our share with her portrayal of a four year old "brat".

A brief history of this branch was given by Mrs. Sears who introduced Past Presidents, Mrs. L. Dawson, Mrs. W. Moore, Mrs. W.

Cox, Mrs. A. S. Kernohan and Mrs. Sears and Life Members, Mrs. J. Graham, Mrs. F. Wright, Mrs. H. Welch, Mrs. W. Cox and Mrs. W. Moore, with all standing as mentioned. She read the minutes of March 1921 and Treasurer's report for 1921 and ended with her verse.

Members of the first executive of this branch were introduced by Mrs. B. Burns - Mrs. Wm. Fielding (Thelma Ewing) Mrs. D. J. Hartle (Mary Cox), Mrs. Fred Burt (Rheta Brown), and members Mrs. Wm. Welch (Jean Taylor), Mrs. John Welch (Lola Prentice), and Mrs. Ed Noice (Bertha Hughes) some in traditional costumes.

Mrs. Cox then called on any of our guests to speak and Area, District and Branch Presidents responded. A short sing song, conducted by Mrs. Ewing, followed and completed our programme. Mrs. C. Lazier graciously thanked all who had made this day so

See page 12

from page 1

OMB apportionment hearing

Mr. Weeks had also claimed that the OMB had made a move towards the

consideration of market value assessment when it granted a re-adjustment of

County applying for \$120,000 grant

Haliburton County plans to apply for a \$120,000 grant from the Ministry of Agriculture for work on public and private lands. A resolution was passed last Wednesday in favor of the move.

The action followed receipt of a letter to council concerning \$60,000 available for a rural incentives program. The letter advised that there would be a July 1 cut-off date for the grant. It said that there might be additional funds as some other municipalities might not take, or qualify, for their grants. An application for the smaller grant had already been sent in.

In a carried motion, last Wednesday, it was decided

to allow the County Roads department to administer the \$60,000. It was moved by Murray Fearrey, Reeve of Dysart et al, and seconded by Sinclair Nesbitt, Reeve of Stanhope.

Mr. Nesbitt said this would ensure each township would get more out of the money. He pointed out that if the money was divided according to the normal apportionment the smaller townships would get very little.

Doug Russell, Reeve of Sherbourne, McClintock and Livingstone, disagreed with the plan, saying "There is no one more capable of administering these funds than the municipality."

the education apportionment in 1975 on the basis of such figures. Mr. Ball replied that that matter fell under jurisdiction of another act.

After Mr. Weeks had spoken, Bernard Chernos, representing the Ministry of Revenue stood to explain the history of the assessment figures in question. He said the figures were prepared by the Ministry, based on 1975 figures, as preparation for a market value assessment program was brought in by the Ministry. He noted that the townships who are appealing did not have the individual assessments, nor were the figures certified by the Assessment Review Court. He said the figures had been requested specifically for purposes of the hearing.

David Bishop, representing Dysart et al, Cardiff and Snowdon Townships, had made all of these points earlier when replying to Mr. Weeks' opening statements. He said that the townships who are appealing intended using untested figures in a way that is precluded by the municipal act.

The board recessed to decide whether or not it could consider market value figures and after approximately 30 minutes returned

to say that they agreed in their decision with Mr. Bishop that the use of the figures is not allowed for in the act.

"We have no power to make or amend legislation," said Mr. Ball. "The assessment to be used is according to the last revised assessment roll." He asked if Mr. Weeks had any further grounds for a reconsideration of the apportionment. When Mr. Weeks replied he did not, the hearing was adjourned.

HALIBURTON

First Highland Home and Vacation Show

Ribbon cutting ceremony

Home Show fills the floor

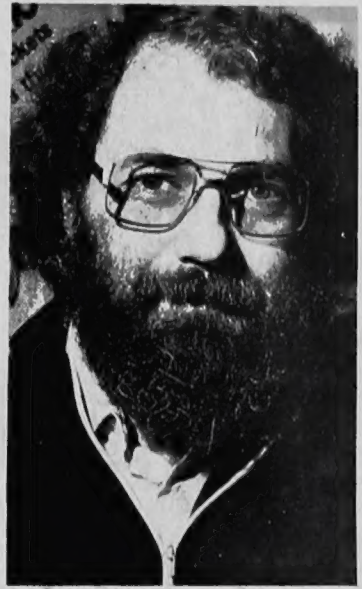

BOB BROHM

Bob Brohm, Haliburton, says "I thought it was really good. Excellent. It was much better than a person would think for the first time they have done something like that here. I didn't buy anything, but I sure did a lot of looking."

Public
happy with
displays at
First

Home Show

LARRY UNGER

Larry Unger, a Buffalo psychiatrist, reports, "We stopped for gas and the attendant suggested we drop by." He adds that he purchased some equipment from the Haliburton Marine display for use by his three children. "There were some craft displays we really enjoyed," he says.

RUTHELLEN UNGER

Ruthellen Unger, Larry's wife, also a psychiatrist, says "The whole attitude of the people there was really friendly. They weren't pushy, like in a big city." She notes this is the families fourth visit to the county, "We enjoy Haliburton."

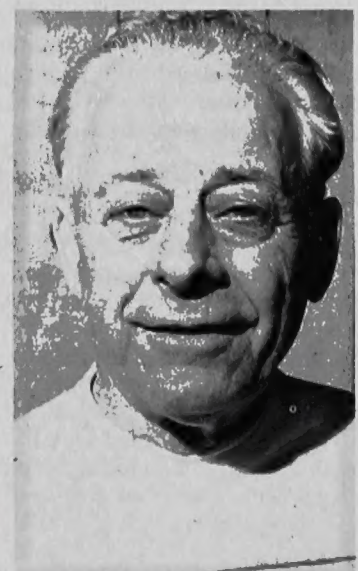

RANDY ROLSTON

Randy Rolston, R. R. 2, Haliburton, says "It was pretty good. It represented quite a bit of the business community. I just came up here for the summer and it lets you know what the town has to offer. The motorcycle exhibit by Suzuki was good."

BRUCE SAWYER

Bruce Sawyer, Haliburton, says, "I thought it was a good show for a small town. I looked at it all. Everybody seemed to enjoy it. They had an ideal day for it, rainy, so that all the cottagers, with nothing to do, came in." Mr. Sawyer adds that he would like to see the show put on again next year.

ORVILLE AUSTIN

Orville Austin, Haliburton, went to see the show twice last weekend. He explains, "The first time I thought it was very intriguing. There were a lot of new displays to look at. Mr. Austin says he is in complete favor for the show's continuation, "I'll be there next year, if they have it."

KEITH BRANNIGAN

Keith Brannigan, Haliburton, also went to the show twice. He says, "I thought it was a very good show. We took a stroll through and looked at everything." He notes that the show was well laid out and would like to see the show repeated. "The show brought a lot of tourists into town," he adds.

MARION BARRY

Marion Barry, Haliburton, says, "I thought it was fantastic. There was so much for such a small town. I would like to see it again next year. It's nice to be able to go and see things all in one spot. I don't get much time to go shopping. I think it was well planned. I've heard nothing but good comments."

Six months planning bring success in first show

Almost six months of planning went into creating the successful Highland Home and Vacation Show that attracted an estimated 2,500 visitors in three days.

Pat Kennedy, Kinsmen chairman of advertising for the event, said the idea was suggested in January after one of the members had seen the Toronto Sportsman Show. At first members were hesitant, he said, as a similar event held two years ago by the Minden Kinsmen Club had flopped.

He noted that the money involved was sizeable and the Haliburton Club approached the idea cautiously. "It was going to cost \$7,000 for booth material and \$2,000 for rent," he said.

But the club decided to go ahead, cutting the cost to themselves by simply marking out booth spaces on the arena floor and letting the buyers set up their own stalls.

Six by eight foot booths went for \$25, 16 x 10 ft. for \$75 and 55 x 10 ft. stalls for \$150, he said. The money made by the Kinsmen should be over the \$2,000 mark, said Mr. Kennedy. He said a more accurate figure will be available when all the bills from the various committees come in.

There were six major committees involved in the event. Chairman of the entire show was Dick MacLean, who volunteered his services. "If it hadn't been for Dick the thing would never have been a success," said Mr. Kennedy.

He praised Mr. MacLean for the dedication he showed to the event, noting that often Mr. MacLean would take days off from work to sell booths or attend to organization. Near the end Mr. MacLean took a whole week off work to devote to the show.

Many of the booths he had to supervise used a lot of electricity, so an electrical committee was selected with chairman, Larry Blanchard and Pete Douglas. Mr. Kennedy said these two men started wiring the displays at 8:30 p.m. on the Thursday before the show and worked almost non-stop until 11 a.m. Friday.

Other members of the club also put in a lot of time, he said. In the other committees there were; Miles Roberts and Jim Tice, food; Curry Whittaker (Pork), Bob Nichols and Ken Smith, dance; Murray Stephenson was running the popular 50-50 draw; Mr. Kennedy, advertising, and Al Bronson was there selling tickets to the truck draw which will be held in October.

On Saturday alone the 50-50 draw sold 480 tickets and was sold out.

But not everything went smoothly. Clark Bailey had been sent to Toronto to arrange for a carnival to be held with the show but he could find no takers. And,

an attempt to have an eight foot TV screen installed in one of the arena corners also fell through.

Mr. Kennedy said that the show will definitely be held again next year, a date will probably be set in September. This time the carnival will be included, he said. "We are going to get working on that right

away," said Mr. Kennedy. The date of the next show will be fixed to accommodate the carnival, he added.

The organization of the event included some strange hours for the Kinsmen involved in the show. As protection for the businessmen exhibiting in the show, there was an around the clock security patrol in the

arena. The booths had been marked out Monday night and set up by Thursday and that night the long, boring watch began, in four hour shifts. "Mostly we just watched the TV's, listened to records and played cards," said Mr. Kennedy. The first watch each night also swept the floors, to make the job

easier for the arena crew who did the final clean-up.

Then came the big day. An opening ribbon was cut by Dysart et al Reeve, Murray Fearrey, as the Legion pipe band played. Then the reward for all the work. "The crowd was good Friday, it was good all weekend," said Mr. Kennedy.

Pipers open show

Brent Newbatt, Brenda Moore and Charlene Newbatt

Echo editorials

Why not lower registration fees

Why shouldn't residents of Haliburton County and Muskoka for that matter have the same privileges as those in Northern Ontario.

Margaret Finlay of Tory Hill, came up with a good point sometime ago when she asked that the automobile drivers in this area be able to register their vehicles for the same price as people in Northern Ontario.

It seems that lifestyles have little to do with where people get the right to register their cars for \$10. Darcy McKeough, Minister of Treasury, Economics and Intergovernmental Affairs, says that the present boundary (which as far as we understand is the French River) was decided upon after careful consideration of all the other established geographical boundaries affecting the north.

We ask, what is the difference between this area and Northern Ontario? How is Haliburton or Muskoka different from say the tourist area north of North Bay.

Northern Ontario wants and gets special privileges which generally are needed. Toronto wants and gets special privileges because it is the biggest population, but the rest of us that don't live in the north, or the Golden Horseshoe, what privileges do we get?

Recreation director

Dysart et al Deputy Reeve, Harold Bannon, appears to have re-assessed his thinking in regards to the hiring of a recreation director in the municipality.

Last week Mr. Bannon decided that perhaps further study was needed before a recreation director was hired. He is so sure that the study is needed that he proposed the motion to have it done.

Well, Mr. Bannon, it was just a few short weeks ago that you were sitting at the council meeting saying that the council would have to vote for or against a recreation director as soon as possible.

Perhaps you found out that if the council took a vote that in all likelihood, if our city fathers were doing their job, they would have voted against it.

How could they vote in favor of something that they do not know how much it would cost or whether or not it would be a benefit to the community?

If a need is found for a recreation director then certainly Dysart et al should have one, but it is very important that we know what we are getting before we buy it.

Good bargaining

We seldom hear of "good bargaining" and people bargaining with the thought of coming up with an agreeable settlement anymore.

The Haliburton County elementary school teachers and the board of education were able to do just that and were able to keep the salaries in line and do it through what we have been told is a friendly atmosphere.

The usual problem was not there. The problem a board of education or any other government body has, when bargaining, is that some people are under the impression that the taxpayers pockets are bottomless.

It is not like industry where it is a matter of how much profit the company makes is the theory that is sometimes used.

We congratulate the elementary school teachers in Haliburton County for realizing just how much the public will bear.

Our Pic of the Past this week was taken many years ago and shows some of the camps at the Standard Chemical camp at Monoris Lake about ten miles from Harcourt which was managed by the late Jim Inglis of Haliburton. The men shown

in the photo from left to right are Jack Sproats, Bud Lane and Francis Sproats. Our thanks to Francis Sproats who now resides at Mississauga, Ontario for sending us this photo.

Feir Play

by Creighton Feir

The 1st Annual Highland Home and Vacation Show, held at the Haliburton Arena over the past weekend, was a great success. Congratulations are in order to the hard working members of the Haliburton Kinsmen Club who put a lot of work into putting this show together. Every booth was sold in advance and it was just great to see so many merchants participating in this event. From what we can learn it will be an annual attraction. One suggestion we have to make for another year could be a private showing the night previous to the Home Show where all those participating would be invited to get a first hand view of the booths.

In last weeks column we mentioned that the Kindergarten class took a trip to the Peterborough Circus. In thanking those for their generous donation of circus tickets we left out two names, Lester Walling and Harold Kennedy.

Brian Watson of the Washington Capitals, of the National Hockey League, will be the guest speaker when the Haliburton Minor Hockey Association will hold a get-together in the Arena Auditorium, in Haliburton, tonight (Wednesday, June 22, 1977) at 8:00 p.m. All players friends and parents are being invited in an evening that will feature the presentation of awards. Ice cream and cake will be served.

The Haliburton Highlands Secondary School will hold their 25th Annual Commencement on Sunday, June 26th, at 7 p.m.

"Don't rock the boat." How often have you heard that? But when you're in a small craft on a lake or river it really can be fatal to rock the boat by standing up or moving suddenly. Hold onto the gunwales, keep your body low and move

slowly when changing seats with a partner. This is a Red Cross Water Safety Tip.

From time to time we have local issues come up that affect most of our citizens. I think that it's just about time that we stood and be counted and voiced our opinion on these matters. Our paper is wide open for your comments and we would like to see more and more people use our Letter to the Editor column. If you have strong feelings on an issue, write a letter to our paper and make sure you sign your name.

We understand that work will soon commence on the grounds around the cabbise in Haliburton which now serves as a tourist information centre. Work will be done on the grounds and flowers will be planted to make it more attractive to the visitors.

Letters welcome

The Haliburton County Echo would like its readers participation in the newspaper. You can participate in the newspaper and get your opinions and messages across to the residents of the area by writing letters to the editor.

All we ask is that you sign the letters and put on your name and address.

As others see it

To the Editor:

This letter is an attempt to clarify the points raised in an Echo editorial of June 1, concerning the tennis club.

In early spring several tennis players were informed by members of the Rotary Club, that lights would not be installed at the courts, unless some other organization preferably a club took the responsibility of paying the operating costs, and regulating the use of the lights. The Recreation Committee already burdened by numerous financial obligations, did not want to take on the responsibility of paying the operating costs, or running the courts, so it was suggested a club be formed to assume these responsibilities.

For two weeks in a row an ad was placed and an article appeared in the paper stating that a meeting was to be held, to try and organize a club. It was explained in the article that unless a club was formed, that possibly the lights would not be installed. It also stated that the time the courts would be open to the public would be restricted, and also gave the costs of joining the club. The people who attended the meeting seemed willing to accept the responsibility of running the courts, but only if they received priorities on the courts.

The club then approached the recreation committee and the Rotary Club, with our proposals, that the tennis club assume responsibility for running and maintaining the courts, that the hours of 12 noon to 5 p.m. daily, be set aside for public use and all other hours be left for the use of the club member, and that the membership fees be set at \$20.00 for adults and \$10. for students and \$5 for students under 15. The club also outlined some of the plans we hope to carry out to improve the courts, and also the tennis being played at the courts. Such things as windscreening, benches, a better surface on the courts, and a clock and time board, all of which will cost a fair amount of money to buy and install. We hope to offer instructions for people who would like to improve their tennis, organize tournaments, picnics, dances, and other social events, that might help people enjoy the game a little more. We feel a club will do a good job of looking after the courts. The club will take pride in them and will protect them from abuse.

Both the Recreation Committee and the Rotary Club accepted and approved our proposals.

Your argument against our time restrictions seems to be that it was public money that built the courts, and they should be left open to the public at all times. I would like to draw an analogy with the arena, and point out that the arena was built, and is now being repaired with public money, and yet no one may use the arena without paying towards the operating costs. The tennis courts have operating and improvement costs also, and what the club wishes to do, is make them self-sufficient. To encourage membership and develop revenue we have to offer something in return, and giving priorities to the club members is obviously one way of doing it. Many public courts in Toronto operate under this same type of system, yet have fewer hours open to the public, plus have higher membership fees, than our club is asking.

The club is open to anyone who wishes to join, and can get further information by phoning 457-1359 or 457-2983.

Yours truly,
Jack Cubser
Haliburton Tennis Club

The president of the Canadian Community Newspaper Association, in its current issue, urges that publishers work towards unity. This is the plan of government, too, with three-and-one-half millions to be spent in 'giving Canadians a chance to wear their hearts on their sleeves.'

Inasmuch as restraints were placed last year on festivities due to economic restraint, some of the money scheduled then, will be used now. According to a press dispatch it is seen 'as a response to the November 15 election of a government dedicated to political independence in Quebec.'

State Secretary John Robarts told the Commons that the program is designed to recharge Canadians with the centennial spirit of 1967 and the plan is to establish a permanent

framework for July 1 celebrations to give people a chance to 'express in their own way, their pride and belief in Canada.' This is an objective that should be nourished, especially with this year's theme for English Canada - "Canada. I want to shake your hand" and for Quebec - "Le Canada, un beau pays, un pays libre. - Canada a beautiful country, a free country."

Some of the federal members commented about conditions that needed rectification, rather than the extravaganza that is planned. In unity there is always diversity but togetherness in a whole Canada, rather than a fragmented one, is surely of immediate concern. This may be called Canada Day. In reality it is still Dominion Day by law. And law prevails, even legislation has altered the name. At any rate, it aims at a united Canada and that means all of us. 1,000 communities are expected to participate. Could we be one of them?

from the Huron Expositor.

BY JIM BADGLEY

The First Annual Highland Home and Vacation Show was successful enough to hold a second show next year and in all likelihood will make it just what it says, an annual event.

The Haliburton Kinsmen put together what is an excellent presentation. Talking to many of the people who attended the three day event one was quick to learn that visitors and county residents alike were impressed with the show.

I found a number of people from "the city" who said that it was as good a show as they had seen even in the "big towns."

The Haliburton Kinsmen came up with a show that was second to none and did it on their own work and the participation of the local merchants of Haliburton County. We in the county have to realize that it is promotion that counts and promotion of this nature, in which a number of

businesses participate stands us in good light with our visitors.

One person from out of town was heard commenting that they didn't know that all of the products on display could be purchased in Haliburton County.

The show will, if nothing else, keep many of the local people shopping in Haliburton County. The products are there, it is just a matter of looking for them in some cases.

One thing the show did do is bring the merchants closer together, whether their businesses were competing or not. The merchants got the opportunity to look around at different marketing ideas.

We would expect that the Highland Home and Vacation Show will be bigger and even better next year. It is a real plus for the community.

Kinsmen News

The kinsmen Club would like to thank everybody for making the 1st Annual Home show a huge success. Already the club has received numerous inquiries and bookings for next year's show.

All proceeds from the show will go towards the arena fund and other community projects. If anyone has any criticism, constructive or otherwise, the Kinsmen Club would be interested in hearing from you. Please contact Dick MacLean at LaRue Motors, or phone 457-1128.

The Kinsmen Club would also like to thank Lloyd Coneybeare, of Coneybeare Motors, for the \$25.00 donation which will go towards the arena fund.

The following people were winners as a result of the draws held during the Home Show.

1. Kinsmen Club 50-50 Draw - \$500.00 Ken Langdon.
2. Haliburton Scouts - Boat, Gerry Wood.
3. LaRue Motors - Free night for 2 at the Pinestone Inn & Country Club, Bill Emmerson.
4. McGuire Tire - 2 matching General Tire jackets.
5. Newbatt Furniture - Drapes and shower curtains, Juanita Sisson.
6. Emmerson Lumber Ltd. - 2 rolls vinyl wallpaper, Sharon Weatherbee; \$80.00 Z-Brick, Mr. B. Watt's.

The 1977 GMC Blazer was on display for the first time during the Home show. Chairman of the truck draw, Al Bronson, reports that over 60 tickets were sold for the draw which will be held on Thanksgiving weekend. Tickets can be obtained from any Kinsmen or call Chairman, Al Bronson, at 457-2860 or 457-1009.

Kin Miles Roberts sold over 50 tickets prior to the arrival of the truck.

The Blazer will be on display on the Main St. and at different events during the summer months.

The last meeting of 1976-1977 Kinsmen Club year will be held at the Hunter's Horn Inn, on June 28, 1977, with the theme being installation night.

Comments from Ottawa

by MP Bill Scott

On June 12th the new federal Electoral Boundaries Readjustment Act came into effect, and this will bring about some drastic changes in the membership of the House of Commons, in the boundaries of most of the federal ridings across the country, and in the number of members that the provinces will send to Parliament. The Canadian Constitution provides for a national census-taking every ten years, after which the representation in the House of Commons is reviewed by the federal Electoral Boundaries Commission. The review is undertaken on the basis of population changes (increases or decreases) in the provinces, and also on a riding by riding basis.

The new redistribution was approved on June 30th, 1976, and was to become effective on June 12th of this year. However, if the House of Commons had been dissolved on or before June 11th, preparatory to the calling of a federal general election, then the election would be fought on the old riding distribution, 264 in number.

In the next federal election, there will be 282 seats to be contested in the House of Commons, an increase of 18 over the present number. The old riding boundaries had to be greatly altered to allow for the addition of the 18 new ridings, and some of the old ridings disappeared completely.

Ontario has been given seven more seats in the House of Commons, and we will have 95 seats after the next federal general election. Ontario had had a greater population increase in the decade prior to the 1971 census than any other province.

An early decision of the Electoral Boundaries Commission resulted in the elimination of the riding of Victoria-Haliburton. The riding was split up, and the resulting parcels were divided among the surrounding ridings. I appealed this ruling, and a subsequent ruling of the Commission left Victoria-Haliburton riding virtually intact.

My appeal was based largely on the similarity of interests and the sharing of services among the communities that made up the old riding of Victoria-Haliburton. I pointed out, for instance, the shared life style and traditions which have linked these counties over the years. Another factor was the provisional county status of Haliburton with its shared dependency on Victoria County for some agencies and services.

As in the past, the new riding will be made up largely of the two traditional counties of Victoria and Haliburton. We lose, however, six townships in Hastings County which become part of the new riding of Frontenac-Hastings. These municipalities are: Bangor, Wicklow, McClure, Herschel, Montegale and Carlow. To the west we lose the townships of Rama and Mara as they become part of the riding of Simcoe North.

The other major change is the addition of Georgina Township, located to the west of the Municipality of Brock. As Georgina has a population of over 15,000, it offsets in numbers the population of those municipalities lost to other ridings. Thus, Victoria-Haliburton has a net gain in population which under the new boundaries totals close to 69,000 people.

Over the years I have enjoyed my association with those areas which have now been taken from Victoria and Haliburton. I am sorry to lose them from Victoria and Haliburton. I want to assure residents in those areas, however, that I will continue to represent them until the next election and will be pleased to be of service in any way that I can. In recent months I have had the pleasure of meeting numerous individuals throughout Georgina Township and I look forward to serving residents of this area and assisting with any federal problems which they may encounter. As always, residents are invited to contact me at Room 534, Confederation Building, House of Commons, Ottawa, if I can be of service.

Investigate radiation around Bancroft area

A detailed investigation and remedial program may be required for the Bancroft area concerning the level of radiation.

In a letter to Victoria-Haliburton, MP William Scott, F. J. Wawrychuk, Program Co-ordinator for the Atomic Energy Control Board, said, "It is clear that a detailed investigation and remedial program is indicated for the Bancroft area. There are probably a total of over 2,000 properties in the area to be surveyed, but hope-

fully the worst case locations have already been covered."

He pointed out that by the end of June, when the survey is expected to be completed, they should have a good idea of the scope of the program required.

In the interim, occupants of dwellings having the highest readings have been advised to improve the ventilation in their homes pending installation of inter-ventilation systems which are required during seasons when windows cannot be left

open. These measures will suffice to reduce any health risk until a detailed investigation and remedial program can be mounted," Mr. Wawrychuk said.

There have been 776 properties surveyed in the area of Madawaska Mines, Bicroft, Dyno Mines, Bicroft, Cardiff Townsite and Bancroft Village.

The results so far indicate that four locations require prompt remedial action according to Mr. Wawrychuk's letter.

There are 143 properties that require remedial measures and 111 that require further investigation.

Man hospitalized from single car accidents

An accident on County Road 12 in the Dorset area, Sunday afternoon, sent one person to Minden Hospital with minor injuries.

Peter F. Howley, 22, of Scarborough, was taken to hospital after the car he was driving on fresh gravel road entered the east ditch and struck a log.

The Minden detachment of the Ontario Provincial Police report that there was \$800 damage to the car.

A single car accident on Percy Lake Road resulted in \$2,000 damage to a vehicle

driven by Martin Austen, 19, of Minden, at 11 p.m. Friday night.

The Minden detachment of the Ontario Provincial Police report that the vehicle slid into the west ditch and struck a tree.

A single car accident on Highway 503, west of Tory Hill, June 15, resulted in minimal injuries to Robert F. Johnson, 39, of Bobcaygeon.

The OPP report that a vehicle driven by Johnson went into the south ditch of the highway and struck a hydro pole. There was

\$1,000 damage to the car and \$500 damage to the pole.

Johnson has been charged with impaired driving.

The Thief stopped by quick action of Minden man

The quick action of Paul Bowskill, of the Fireside Inn, helped apprehend a man at the Inn who was making off with a carton of cigarettes early Sunday morning.

The Minden detachment of the Ontario Provincial Police report that Bowskill heard a noise and checking into the matter apprehended a man leaving a service door with a carton of cigarettes.

A second person left in a car but later returned to the OPP off in Minden.

Charged with theft under \$200 is Allan Anthony Laport.

Clubs taken from local golf course

The Minden detachment of the Ontario Provincial Police is investigating the theft of \$750 worth of golf clubs from a person at Pinestone Inn, June 11.

The police report that the clubs were taken from Scott Allison, 24, of St. Catharines.

The police also report that the man waited one week to see if the clubs would turn up before reporting it to the OPP.

Man suffers broken back in accident

Jack Pripp, 17, of R.R. 2, Haliburton, suffered a broken back as the result of an automobile accident at the intersection of Highway 7 and Victoria County Road 4 near Lindsay.

The Lindsay detachment of the OPP report that the Pripp vehicle failed to negotiate a turn and went off the road and became airborne for a period of time.

He was taken to Ross Memorial Hospital.

News from Extendicare

Miss Sheila Elston, our senior executive, has 2 weeks vacation. It is difficult to resist that cliché "when the cat is away the mice will play." We all wish she has a splendid holiday.

Our shuffleboard is coming into its own now with some quite interesting games being played. Wednesday evening Mr. Charles Plewman and Jim Allen took on Harold Roberts and Dr. O.W. Anderson to each winning a game. Jim played very well despite his handicap. Many of the residents feel that we should do more to get the over sixty-fives to come from the village and community to enjoy with us these facilities of various games. Our money is pretty well exhausted now, buying the equipment, so we cannot very well bribe them to come. Anyway, you are welcome.

According to what we hear and see on T.V., this mafia business is pretty bad and pretty big with all the various connections. We hope we can be excused if we are concerned over the possible connection between the mafia and the appointment of a Canadian of Italian origin to the Canadian senate recently. Government secrecy clouds our perspective on such matters, and it may be the sole factor in making such an organization possible, as they in turn find it expedient to operate in utmost secrecy. The mafia is in secret, the governments are in secret, the police are in secret, so naturally, we will never have any kind of enquiry, and so the mafia are here to stay to pollute and prostitute our public. It was a wonderful pirouette.

Kind relatives and friends from Bancroft, presented a lovely rocking chair to Mrs. Lily Robertson, one of our residents. She prefers it in the lounge rather than her room. She will be 90 years in a few days and sometimes quite the centre of attraction.

On Wednesday, the Haliburton librarian brought the movies to us. The main show was a wildlife scenario of the Klunene area of the Yukon, and other movies depicting more domestic scenery. Tea, fruit juice, and milk was served during the show.

Friday morning was our devotional period. Pastor Glen Rosch was our spiritual leader. His theme being the Prodigal Son and the other son, and how between them each received his just due. At this service our hymn singing was delightfully accompanied on the piano by the pastor's daughter, Sandra.

Two or three weeks ago someone left what we think was a lovely Strawberry Begonia. We tried to locate the owner among us and visitors and we could not find them. This plant was not in bloom so the following day we took the liberty of removing six cuttings from it. This procedure did not appear to mutilate it unduly and we replaced the plant where we found it. The following day it was gone, so we are ahead so far by 6 cuttings that are now beautifully rooted. In an effort to compensate the owner, we offer to give the owner of this plant his or her choice of these rooted cuttings, no questions asked.

The grounds of Extendicare are now deserving of mention with the lawns a nice green, decorated around the sides with Maple and Birch and soon an Oak and Walnut. A new stretch of lawn that last year presented a gravel surface, was recently covered by good top soil and seeded, and is progressively now showing greener every day. In this setting is our shuffleboard court with its walk-way to it and past continuing to the barbecue. Adding to this is the assortment of lawn furniture that includes several tables, benches and ingeniously designed swing chairs that has become a favorite place to sit by residents and staff alike. Thus, day by day and month by month, as beauty and pleasantry is added, this Extendicare becomes more of a home than the ones we left.

Boats collide on lake

Two boats were damaged when they were involved in a collision early Saturday morning on Haliburton Lake.

The Minden detachment of the Ontario Provincial Police report that boats driven by Dianne Marie Batchelor, 25, and James Crother Murray, 18, were involved in the accident.

The police report that Murray had run out of gas and was paddling his boat at the time of the accident.

There was \$400 damage to the Batchelor boat and \$250 damage to the Murray boat.

Seven car accidents

The Minden detachment of the Ontario Provincial Police report that there were seven motor vehicle accidents and 81 general occurrences during the week of June 13 to 19.

During that time there were 14 break-ins reported, two compassionate messages delivered, three persons charged with Liquor Licence Act violations and three persons charged with impaired driving.

Missing person

The Minden detachment of the Ontario Provincial Police is investigating the case of a missing person, which a spokesman said is a possible drowning.

Police report that the man, who has not yet been identified to the news media, was sailing on Gull Lake and later the boat was found without him in it.

OPP divers are presently searching the area the man was last seen in.

250 attend Music Night '77

The Archie Stouffer gym-auditorium was filled almost to capacity. About 250 persons went silent as conductor Glenn Carter and the Grade 7 band began to prepare for the opening number of the night. By a back door to the gym students performing in the next numbers stood nudging each other with their elbows, or whispering advice back and forth.

The event was Music Night '77 with 25 performances by the students. Admission was \$1 and proceeds were to be divided between the students and senior citizens. The amount collected was about \$200, said Stuart Baker, principal.

The people who paid that amount got their money's worth. Although the show wasn't professional by any means, the students displayed good talent and a confidence that only comes with a lot of work. Considering most are bus students, that is impressive.

Three of the performances were outstanding in quality. The Grade 6 choir, Ian Brohm and Russell O'Brien.

Ian Brohm, Grade 6, was the first on stage of the three doing a country and western song and guitar act. The song, Farmer's Daughter, was executed in a confident style, his voice adding its own thrill when holding some notes. Unfortunately, he lost some of the starting quality, but even then the song was so well done it elicited strong applause from the audience.

Several people were overheard whispering, "this one's very good." Christine Kinsman, Grade 8, was the following act,

playing a flute solo with a touch of humor.

Mr. Carter accompanied her on the piano for the song Scarborough Fair. Miss Kinsman is worthy of praise for executing an excellent piece of work as well as keeping a straight face.

Mr. Carter appeared to get carried away with the momentum of the music at one point drowning out the flute to up stage it. Miss Kinsman soon fixed that, however. Near the end she gave Mr. Carter a kind look for having behaved well, which he responded to with a defiant slam on the keys.

This laughter rousing act was followed by the Grade 8 band and then there was the Grade 6 choir. Again, there was a display of confident style. The uncondoned group also exhibited good unison. Their two songs were Back Home Again and Country Roads.

By far the best of the night was Russell O'Brien on the clarinet, playing The Pink Panther. A difficult piece on a difficult instrument, said Mr. Carter later. Master O'Brien made few slips and demonstrated some adept finger work getting the short notes sharp and distinct. Mr. Carter later explained this as a difficult feat on the clarinet.

Mr. Carter said he was "very proud of their efforts." He noted that the bands had had three performances during the day and some probably practised in between. He said one reason the brass section might have sounded muddy at times was because the players' lips were starting to get tired. "They are

See page 8

Glenn Carter, music teacher at Archie Stouffer, conducts the Grade 8 band at Music Night '77 held last Tuesday night. The three hour performance featured 25 acts by the students of the public

school. Admission was \$1 and Principal, Stuart Baker, estimates that about \$200 could have been made. Proceeds will be shared by the students and senior citizens.

Bill Smiley

The heat of the moment

This was supposed to be a probing inquiry into what laws Canadians break most, and why they break them. But it's too danged hot.

What a country! Just a few weeks ago, you could get free ice-cubes from those 10-foot icicles hanging from your roof. Today the refrigerator can't keep up with the demand for them.

That horrible heat wave we've experienced coincided with a visit from The Boys. The combination practically put Gran and I on our knees, and we're just now recovering gingerly from an ordeal that would have put us in our graves, had we been 10 years older.

It's not that we can't stand the heat. And goodness knows, The Boys are a treat. But because you can stand driving doesn't mean you want to drive 800 miles a day. And because you enjoy ice cream doesn't mean you want to eat nothing else for two weeks.

Mother of The Boys, our Kim, was in the process of writing the last of her university essays and thought she'd pop up home, have a visit, get some free baby-sitting and finish her essays. A nice thought.

But The Boys had other ideas. After being cooped up in a city apartment for the winter, they wanted some action, and there's always action at Grandad's, at "the big house," as it's known.

Little Balind, the younger, was supposed to be quiet and convalescent after a serious illness. Little Balind, after about one day, was as quiet and convalescent as a Mack truck with Dr. Jekyll's alter ego at the wheel.

After about three days, he had pulled a lamp over on himself, put a permanent gouge in the coffee table, knocked over the fire screen (twice), fallen off a bed on his face, lost a knob off the TV set, sprinkled a can of talcum powder over the entire upstairs with a triumphant grin, and smashed several dishes by hurling them to the floor from his high chair, his signal that the meal was over.

Of course, after his illness he had practically no appetite, so feeding him was no problem. It only took the three of us adults, one cooking, one shovelling it in, and one cleaning up the debris, to stave off his hunger.

He'd start off with a banana to keep him from perishing while you were cooking his bacon and eggs. Then it was a scramble to get his toast and honey ready while the eggs were vanishing. Licks off the honey, hurls toast on the floor, stands up in his high chair and wipes hands on Gran's newly-decorated wall. Then out of the chair and on to Grandad's knee for a few more bites of egg or muffin or whatever. This would go on all day, punctuated by apples, cookies, swigs of apple juice and bits of cheese to keep his stomach from

rumbling.

I made the mistake of sticking my little finger in his mouth once. Thought he was getting some more teeth and that I'd give the gums a little rub to ease the pain. He dam' near took the end right off my finger. That kid is a natural for the wrestling ring or the football field.

No such problem with the other guy, Nikov. He is a dainty eater, can feed himself, and sits up at table, propped on a fat book. No problem at all. Except that he won't eat. Meal time is a game. If he gets wieners and beans, he wants milk on it, then it's too cold. If you're out of eggs, he wants scrambled eggs. If you have apple juice and fresh grapefruit, the only thing he can stomach is orange juice. He can make a half-hour ceremony out of eating one strand of spaghetti.

There's no malice in it. He just enjoys manipulating three fairly intelligent adults, like three puppets, one cajoling, one threatening, and one furious. We took turns.

Occasionally whisked off to bed without any dinner, he'd be quiet for a few minutes, then paddle downstairs and say he wanted his supper. But he wanted chicken, and you'd had stew.

At first they were a little peeved that Grandad had to go off to work every morning. The old one wanted me to take him to the car wash, one of our favorite excursions. The little one just wanted me to take him and yelled. So I instituted "Kiss Time." I lined the whole gang up, wife, daughter, two grandboys, got them to pucker up and went down the line with a kiss for each. Very popular routine. You have to be crafty with kids.

For a few days, the weather was cold, and all they could do was make the inside of the house look as though Attila and his Huns had just laid waste a village.

Then the heat wave struck. Their mother is one of those new-fangled ones who think that children should be allowed to express their creative faculties regardless. The Boys poured into the backyard like the Saracens pouring into Spain, and created.

I'll say one thing for them. They didn't set fire to the stoop, or the fence. They couldn't have. They discovered Grandad's hose, and where to turn it on. Everything was so wet after a few minutes, you couldn't have started a fire with gasoline.

I'd come home from work, and there'd be two naked

tots, soaking, mud from head to toe, watering each other, their mother, the lawn furniture and any stray animal, human or otherwise, that came in range.

It took only half an hour to clean up. That, along with two hours at feeding time, and about two hours at bath and story time, and an hour to recuperate, took a fair

chunk out of the day.

Now they're gone and I miss them terribly. Nobody to run over, jump on my arthritic foot and butt me in the stomach. Nobody to make me read the longest fairy story in the entire book. I can hardly wait to see them again. Maybe Christmas? For a day?

County Council minutes

County Council of the Provisional County of Haliburton assembled in the Council Chambers at 10:00 a.m., Wednesday, May 18, 1977, with Warden Robert J. Vick in the Chair and all members in attendance with the exception of Deputy Reeve Keith Tallman and Deputy Reeve Fred Baum.

Approval of Minutes

That the minutes of the meeting of April 20, 1977 be approved as circulated. Carried.

Finance Report

Finance Chairman P. Conaghan reported accounts in order.

RESOLUTION 57/77

Approval of Accounts

That accounts be approved in the amount of \$43,986.68, represented by cheques numbered #148 to #200 inclusive for the period April 20th to May 17th, 1977. Carried.

The Clerk read the following correspondence as requested by the Correspondence Committee:

To: Hon. Frank S. Miller, Minister of Natural Resources - re. Hunting Season

To: Hon. Frank S. Miller, Minister of Natural Resources - re. Silent Lake Provincial Park and Old Burleigh Road.

To: Hon. James W. Snow, Minister of Transportation and Communications re. Illumination Junction Hwy. 35 and Hwy. 530.

From: Hon. James W. Snow - Need for illumination being reviewed again.

From: Anson, Hindon & Minden - request that

By-Law 1009 be rescinded. From: Township of Stanhope - request that By-Law 1009 be quashed.

From: Townships Anson, Hindon & Minden - opposed to County-wide Interim Planning Policy or Official Plan.

From: Municipality of Snowdon - not in favour of Official Plan for County of Haliburton.

From: Township of Stanhope - whole heartedly supports proposed Interim Development Policy on planning for County of Haliburton.

From: Ministry of Community and Social Services - re. Juvenile Delinquents Act.

From: Ministry of Community and Social Services - Committals under Section 20 of the Juvenile Delinquents Act.

To: Townships Anson, Hindon & Minden, Stanhope and Sherborne, McClintock and Livingstone - confirming no action taken to amend County Apportionment.

From: Townships Anson, Hindon & Minden, Stanhope and Sherborne, McClintock and Livingstone - have appealed County apportionment to O.M.B.

To: Ontario Municipal Board - submitting calculations as requested.

From: The Salvation Army, Red Shield Appeal requesting donation - donation to Salvation Army already approved in budget.

From: Donald J. Finn, B.A., LL.B., to Mr. John Eakins, M.P.P. - concern about harm to Haliburton

County if Land Transfer Tax not amended further re. high tax for purchase of cottage lots by non-residents. Letter from Mr. E.C. Hill, B.A.Sc., Q.C. re. Kawartha Conservation Authority was circulated to all members.

RESOLUTION 58/77

Interim Planning Policy

That the County Council of the Provisional County of Haliburton proceed with acceptance of the Interim Planning Policy Act, subject to the finalizing of the subsidy to be granted.

Results of the requested recorded vote: Yeas - 12; Nays - 10. Carried.

RESOLUTION 59/77

Acceptance of Correspondence

That correspondence as recommended by the Correspondence Committee be hereby accepted. Carried.

Recess

The Warden called for a 10-minute discussion break.

Kawartha Conservation Authority

A letter from Mr. E.C. Hill, B.A.Sc., Q.C. and a brief concerning the proposed Kawartha Conservation Authority were circulated to members of Council.

RESOLUTION 60/77

BY-LAW 1010

Appointment to Land Division Committee

That By-law No. 1010, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law to appoint a member to the Land Division Committee of the Provisional County of Haliburton. Carried.

Guest Speakers

As requested by Dr. D.E. Mikel, Acting Medical Officer of Health Unit, two representatives of the Health Unit were given appointments to address County Council. Miss Ethel Houslow, Public Health Nursing Supervisor, and Mrs. Marlene Edwards, Administrator of Home Care, spoke to Council about their various responsibilities and criteria for obtaining services.

V.O.N.

Mrs. Margaret Fallis, Nurse in Charge, Victorian Order of Nurses, outlined the services to Haliburton County through V.O.N. and Home Makers' Service.

RESOLUTION 61/77

BY-LAW 1011

Road Closing

Dysart-Spruce Ave.

That By-law 1011, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of confirming By-law 77-20 of the Township of Dysart et al. to close, stop up and convey part of Spruce Avenue between Blocks 8 & 9, Registered Plan No. 1, and part of Lakeview Street between Blocks 4 & 8, Registered Plan No. 1 in the Township of Dysart in the Provisional County of Haliburton. Carried.

RESOLUTION 62/77

BY-LAW 1012

Road Closing Dysart

That By-law 1012, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of confirming By-law 77-20 of the Township of Dysart et al. to close, stop up and convey part of Spruce Avenue between Blocks 8 & 9, Registered Plan No. 1, and part of Lakeview Street between Blocks 4 & 8, Registered Plan No. 1 in the Township of Dysart in the Provisional County of Haliburton. Carried.

Tongue twisters

for public

We're sorry.

Those of us in the environmental field should take it on the chin for some of the tongue-twisters we have to throw at the public.

We once saw a youngster nearly turn his tongue inside out trying to pronounce "environment". He got it out just in time to tackle a new word "biodegradability".

That's right, biodegradability.

Make no mistake. Non-biodegradable wastes pose a very serious environmental problem.

But, spare us from 17-letter words.

And heaven help the media.

A headline writer for a large U.S. daily was once confronted with an important news item on the invention of a form of biodegradable plastic packaging.

The copy was laid out in two columns. He had to compress the sense of the story in precious few syllables.

ROT FACTOR FOR PLASTIC. Honest, that's what he wrote.

That By-law 1012, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of confirming By-law 77-19, of the Township of Dysart et al. to close, stop up and convey that portion of the original allowance for road between lots 5 and 6, Con. 2, in the Township of Dysart in the Provisional County of Haliburton. Carried.

RESOLUTION 63/77

Rescinding By-Law 1009

That By-law 1009 for the purpose of confirming By-law 15-77 of the Township of Lutterworth, being a by-law to stop up, close and convey part of the original allowance for road in Lot 15, Concession 4, in the Township of Lutterworth, be hereby rescinded on the basis that the information given by verbal submission was not contained in By-law 1009; and further that this matter be left in abeyance pending the drafting of a new by-law by the Township of Lutterworth with sufficient details to explain the ultimate purpose for the consideration of County Council.

Noon Recess

Council recessed for luncheon at 12:15 p.m. and reassembled at 1:50 p.m.

Hyland Crest

Committee of Management Hyland Crest Committee of Management Chairman Jim Harrison reported arrangements being made for events in Senior Citizens' Week.

Committee Reports Committee Reports were received from: Reeve P. Conaghan on the Haliburton County Public Library Deputy Reeve M. Peters on the Property Committee, Reeve M. McGillivray on the Haliburton County Economic Development Commission; and Deputy Reeve L. Hunter on the Haliburton Highlands Chamber of Commerce. Reeve M. Fearrey advised that following the previous resolution about an Interim Development Policy, further enquiries would be made.

County Engineer William E. Obee reported on work being undertaken in the County Roads System.

RESOLUTION 64/77

BY-LAW 1013

Title to Portion

County Road #2

That By-law 1013, having been read a first time, be considered read a second and third time, passed, signed and the Corporate

Seal attached, being a by-law to accept title to a portion of a County Road in the Provisional County of Haliburton. Carried.

RESOLUTION 65/77

Concurrence Durham

County Resolutions

That the Regional Municipality of Durham be advised that all Municipalities in the Provisional County of Haliburton concur with resolutions regarding Family Benefits Act, Child Support, and Family Welfare Act.

RESOLUTION 66/77

Senior Citizens' Week

That the Warden declare Senior Citizens' Week within the Provisional County of Haliburton from June 19th to 25th. Carried.

RESOLUTION 67/77

Requesting Regulation

of Group Homes

That Haliburton County request from the Ministry of Community and Social Services the right of Municipalities to issue licenses governing the location and number of group homes that will be allowed in this County. Carried.

RESOLUTION 68/77

M.T.C. Picnic Parks

That the Provisional County of Haliburton demand that the Ministry of Transportation and Communications

open all Picnic Parks in the County on all Highways immediately, as in our opinion there was never any reason to close them. It is our belief it would give the patrol employees something to work at rather than just ride around in the patrol trucks. Carried.

RESOLUTION 69/77

Regulation of

Information Requests

Be it resolved that the clerk be authorized to consult with the Warden and the Reeve of any municipality affected before giving information other than the minutes in answer to any request, and further that any information so given shall not be on a day when Council is meeting in session. Carried.

RESOLUTION 70/77

Representation re. Spruce

Bud Work Program

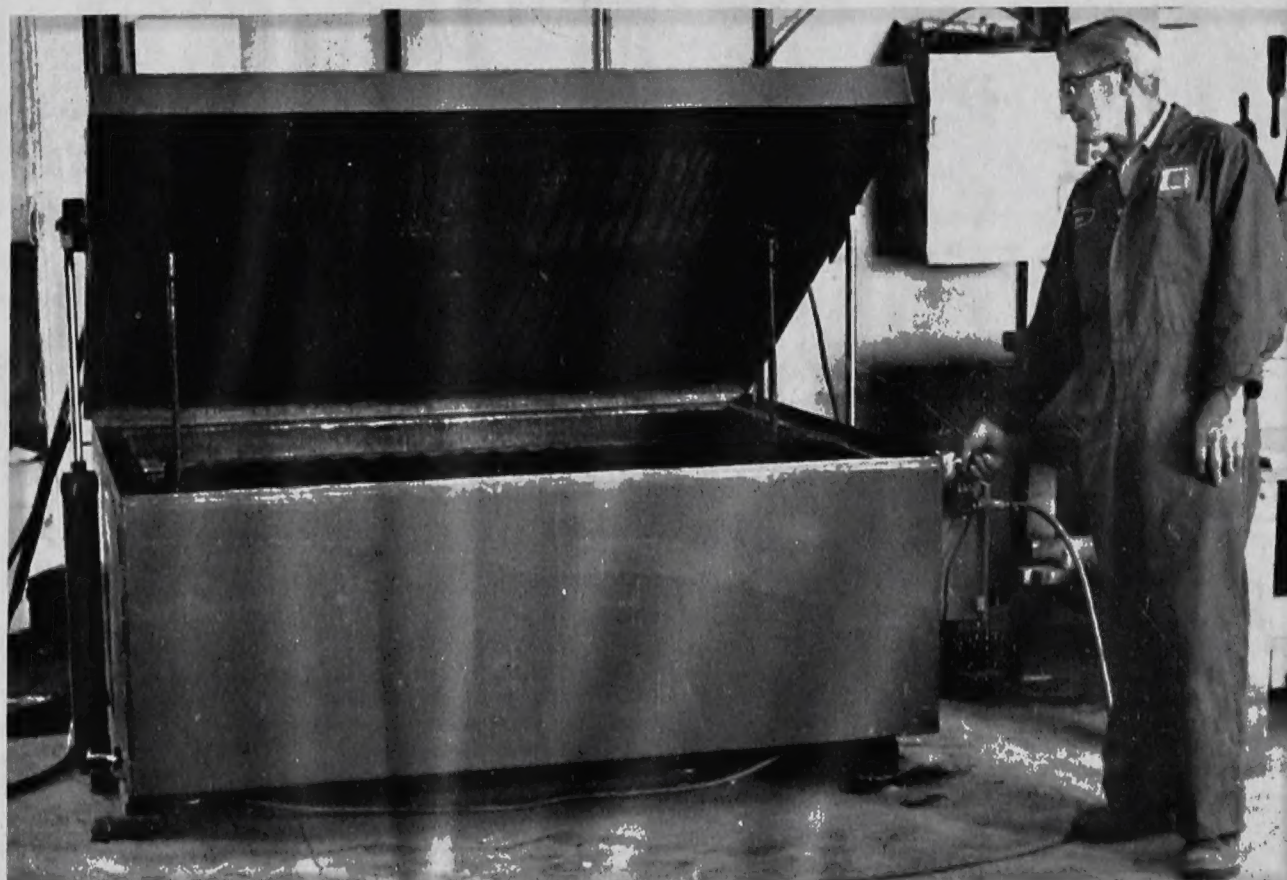

That a representative from ARDA be invited to attend County Council in June re. Spruce Bud Work Program. Carried.

June Meeting

Council agreed to meet at 9:00 a.m. for the June 15th Session prior to the O.M.B. apportionment hearing.

Adjournment

The regular May Council Meeting was adjourned.

Dan Dewey of Curry Motor's Body Shop shows off some of the new equipment the shop has for repairs to radiators. The new equipment makes it possible

for a complete radiator service of both small and large cars, foreign or domestic. The equipment was manufactured by the Al Radiator Manufacturing Co.

OTTAWA and Small Business

by JIM SMITH

A few years ago, a noted American doctor-cum-writer named Lewis Thomas was asked to comment on the state of his country's medical care. "These are bad times for reason, all around," Mr. Thomas replied wearily. "Suddenly, all the major ills are being coped with by acupuncture. If not acupuncture, it is apricot pits." Apricot pits are the basis for laetril, a cancer "cure" held in low esteem by medical authorities.

Which brings us to the illness that has befallen the Canadian Confederation. Like the man said, these are bad times for reason. The federal government, facing sickness within the body politic, has taken to treating this unhappy situation with the political equivalents of acupuncture and apricot pits.

Witness the current ballyhoo surrounding "Canada Day" and "Canada Week"

(our old friend, Dominion Day, all gussied up for a new generation). Throughout Canada Week, but particularly on Canada Day, July 1, there will be federally-encouraged celebrations throughout the nation. Famous Canadians will be whisked back to their hometowns at government expense to lead local festivities. There will be parades, concerts, dog races, and canoe trips. Then, on the evening of July 1, the CBC will spend more than \$1 million to show us Canadian entertainers doing Canadian things in Canadian regions.

Canadian nationalism will arise naturally as Canadians come to grips with the basic economic threat to our survival. Nationalism isn't something that can be sold, like pork and beans, with showmanship and fluffy commercials. Strong leadership does not come out of ad agencies.

Music Night at Archie Stouffer

from page 7

certainly keen," he said.

The Grade 8 band has had three years of music instruction, but there is probably less time for this band to get to practise than other bands, noted Mr. Carter.

The school bands share equipment. In between band performances the members were busy disinfecting mouth pieces and trading equipment. This, and the fact that most of them are bus students, cuts down on practise time. Add this to noon hour events and the bands have not got much time.

However, there are rewards for the sacrifices band members make. The Grade 7 band recently went to Hyland Crest and put on a full band program. The Grade 8 band had a trip to the Cobocok Community Centre to play for the public school there. On the way back they went to Fenelon Falls for a picnic. Mr. Carter received a card from the group thanking him for the trip.

This and That

BY JENNIFER WOODS

Cold soups can be quite delicious on hot days. I personally had never tried them before these three recipes:

AVOCADO SOUP WITH GARLIC

[Doesn't it sound great!]

- 3 Avocados
- 3 Tbsp. Lemon Juice
- 1 Small clove of Garlic, crushed.
- 1 1/2 Cups Stock (vegetable is best)
- 1/2 tsp. Salt
- 1 1/2 Cups Coffee Cream.

Puree avocados with a little broth, lemon juice, salt and garlic. Combine with remaining broth and cream. Chill thoroughly and serve. Garnish with chopped dill or thin lemon slices.

GAZPACHO

- 2 Small Cloves Garlic
- 1 Small Green Pepper, chopped
- 1/2 Small Onion
- 2 Large Ripe Tomatoes
- 1 Small Cucumber
- 3 Tbsp. Corn Oil
- 2 Tbsp. Cider Vinegar
- 2 Cups Ice Water
- 1 Tsp. Dill Seeds.

Mix all ingredients in a blender at low speed, for a few seconds. Season with salt and pepper. After blending very well, chill thoroughly and just before serving blend again for 20 seconds. This soup tastes best made with garden grown tomatoes that are very ripe. During the winter it is best to use canned tomatoes to get that sweet taste.

BANANA VICHYSOISE

- 1 1/2 Cups Diced Peeled Apples
 - 1 1/2 Cups Diced Peeled Potatoes
 - 1/2 Cup Diced Celery
 - 2 Bananas, sliced
 - 4 Cups Broth (Chicken, Vegetable or Consomme)
 - 1/2 Tsp. Salt
 - 2 Tsp. Butter
 - 1/2 Tsp. Curry Powder
 - 1 Cup Instant Skim Milk Powder
 - Grated Lemon Peel
1. Bring first 6 ingredients to a boil.
 2. Cover and simmer over low heat until potatoes are tender.
 3. Uncover and let cool.
 4. Pour mixture into a blender and blend at moderate speed for one minute.
 5. Add butter and curry powder. Blend for thirty seconds.
 6. Add milk powder and blend for 30 more seconds.
 7. Refrigerate and look for lots of compliments.

Class visits Senior Elementary School

The Grade 3 class visited the Senior Elementary School to become acquainted with the principal, Mr. Devolin, the staff, and the building. These are some of the children's impressions from that visit.

A Visit to Senior Elementary School

When our class went to the Senior Elementary School, Mr. Devolin took us on a tour around it. We visited Miss Turck's class and the grade five room and the library. When we were outside Jeff Bain and Darryl and I watched the grade eights and the grade sevens play baseball.

by Tran LaRue

A Visit to H.H.S.E.S.

It was fun over at the Senior Elementary School, we saw the library and Mrs. Irish. We went into work in a grade five room. We went to the gym and around the school then we went to the train and ate our lunch. We met Mr. Devolin and Mr. Kennedy. Mr. Devolin took us around the school. When we were done we came back to the school.

by Charlene English

Today our class went to the Senior Elementary School. Mr. Devolin showed us around the school. We went to the library and to the gym then the nurses room then the home economics. When we were going home we ate our lunch in a park. After we were finished our lunch, we played soccer and then we went on the train. After we went on the train we went to play soccer again, we played for a long time. Mrs. Mallot watched us play. After we were done we walked back to the school and had recess, and it was a happy day.

by Scooter Burgess

A Visit to Senior Elementary School

We went for a trip to Senior Elementary School. It was fun. We went to all the rooms and saw the gym. We went to the library and saw the books and Mr. Irish told us where the true books are and the untrue books were. I found out that the new school is a fun place to be plus all the teachers were very nice to us. Mr. Devolin showed us the machine that he can talk to classes without walking all the way over to the class. When we were at the school we worked in a grade five room. The school is a lot different than ours for it is air conditioned. Before we left Mr. Devolin asked us if we had any questions. There were four questions. On the way back we stopped to have lunch. It was fun (but the walking back I did not like).

by Nancy Clement

On Wednesday, June 8, the Grades 1,2,3 of Victoria Street School visited Ontario Place in Toronto. These are some of the impressions of Grade 1, pupils.

Ontario Place

In Ontario there was a big whale some people

See page 13

COUNTY ECHO FAMILY

Maple Lake News

by Ada Gibbs

Mrs. Grace Martin who has spent the Fall, Winter and Spring in our community, has returned to her home in Lakefield. The neighbors will miss you.

Attend graduation

Mr. and Mrs. Lloyd Coneybeare attended the graduation of their daughter Beverly, who received her Master of Library Science Degree at Convocation Hall, University of Toronto, on Tuesday, June 7.

Presbyterial executive meeting

The Executive of Lindsay Presbyterial, including local U.C.W. presidents, met at Fenelon Falls United Church on June 6, commencing at 10 a.m. Presbyterial President, Mrs. G. Gilson, called the meeting to order, reminding us of our purpose - "To unite all women of the congregation for the total mission of the Church and to provide a medium through which they may express their loyalty and devotion to Jesus Christ in Christian Witness, Study, Fellowship and Service."

Devotions were in charge of Mrs. S. Brandsma of Lindsay. She spoke of the upward and outward look - as a tree grows upwards and outwards so our reach should be upward to God and outward to our fellow men. As I reach up to God in prayer, then I give out to others.

In her report on the Conference U.C.W. Executive meeting a short time ago, Mrs. Wm. English brought the following to our attention: A task force has been set up to look into the feasibility of bringing a Missionary to the Bay of Quinte Conference from one of the 3rd world countries.

Secondly, a Committee is to look into the advisability of a Conference U.C.W. News letter to be sent out two or three times a year.

Plans were started for the Presbyterial Annual meeting. Tentative date is March 30, 1978, subject to the approval of Oakwood U.C.W. who will host this event.

The treasurer, Mrs. M. Coburn, reported that the Bursary fund needs gifts. Last year \$4,500 in assistance was given, almost depleting the fund. Lindsay Presbyterial should do much better than their gifts last year, amounting to \$185.

Presbyterial Officers reported and following are some excerpts:

(1) Task force on Alcohol & Drug Abuse was given permission to go ahead with plans to bring the Youth Van from Alcohol & Drug Concerns Inc. to the area. Dates are July 17 - 30 at Victoria Park, Lindsay (near the Armouries). There is considerable expense entailed and the Task Force was authorized to ask all local U.C.W. groups for moral and financial support.

(2) The School for U.C.W., Sept. 10 - 12 at Camp Quin-Mo-Lac, a second school is being held this year in Perth, Sept. 20 - 22 to accommodate the overflow and those people who find the rugged camp setting difficult.

(3) We have been notified that, for the time being, to stop sending parcels to Angola.

(4) Used eye-glasses or hearing aids should be sent to Mr. Harold Bayham, 647 Weynway Court, Oakville, Ont., L6L 4G8.

(5) Layettes and good used clothing for pre-schoolers is needed at Rama.

Fenelon Falls was sincerely thanked for their hospitality and Beaverton extended an invitation for the next meeting to be held on November 7.

Grace. *** Miss Peggy Johnson, of Ilderton, arrived on the weekend to spend the summer with her grand-

Mr. & Mrs. Irwin Coneybeare, Mr. & Mrs. Ray Oliver, Mrs. Christine Pritchard, and Mr. Tom Needham, all of Toronto. Beverly is presently employed with Toronto Public Libraries.

mother, Mrs. Winnifred Johnson. ***

We are sorry to learn that Mr. & Mrs. Fred Prentice have sold their property at the head of Maple Lake and will be taking up residence in Bridgenorth, in September. Jessie and Fred have been great church workers here and will be missed at St. Peter's as well as in the community.

A number of our senior

citizens enjoyed the dinner and entertainment put on by the various organizations of the county, at Hyland Crest Home, on Tuesday, June 21st. That is one place where many friends are visited on such as occasion, as well as having the opportunity to make new friends. We extend our grateful thanks to all who helped make this day such a success.

Mr. Alven Ferguson had a

surprise recently when he had an unexpected visit from his sister, Pearl, Mrs. Al Connor of Bridgewater, N.S. It certainly was a flying trip, but Pearl made time to see Uncle Oscar Sisson as well.

Mrs. Violet Smith, Mrs. Margaret Gardiner, and Miss Ada Gibbs attended the Superannuated Teachers Luncheon and Annual Meeting held at Wig-a-Mog Inn last week.

Waterway news

The dry weather which has prevailed since April continued this past week with a disturbing trend evident in precipitation records for Minden (Reservoir Area) and Lindsay (Kawartha Lakes Area). At Minden, the rainfall which was 53 per cent of normal in April, dropped further to 29 per cent in May, and 14 per cent during the first half of June. This has produced nearly drought conditions there and contributed heavily to the lowering lake levels.

At Lindsay precipitation was 94 per cent of normal in April, 71 per cent in May, but only 7 per cent in the first half of June. This means that several of the Kawartha Lakes are not being maintained at their normal maximum for navigation.

We wish to warn cottagers and boaters that if these conditions persist, extremely low reservoir levels are likely to occur before the end of the summer. For this reason, we intend to allow the Kawartha Lake levels to recede toward their minima for navigation so that the full brunt of the problem is not felt only by cottagers in the Reservoir Lakes.

On Monday, June 13 the reservoirs contained 73 per cent of their maximum storage. This is less than the long term average for mid-June of about 87 per cent, though it is higher than the record low of 61 per cent set in 1931.

No change has been made to the amount of flow leaving the Kawarthas which has remained at a bare minimum of 500 to 600 cubic feet per second.

Edible Oils
Shoppers are often confused by the label on whipped cream aerosol cans which lists "an edible oil product" as an ingredient. Edible oils are made from the oils of certain plant seeds such as soyabean, groundnut, cottonseed, sunflower, rapeseed, sesame and coconut. Edible oils are consumed in various ways. The most common uses are in salad dressings and ice cream, and in cooking as fats or oils. Because of their soft textures and creaming properties, some are used for the manufacture of ready-to-eat toppings in aerosol cans. Toppings contain sugar, flavouring, and a stabilizer packed under pressure to cause whipping when released. They are imitations and should not be confused with real whipping cream, which also appears in aerosol cans as well as in the familiar cartons.

Physical fitness

by Margaret Milne

All through these articles on fitness I've been throwing in bit of encouragement for the beginner in exercising. That is because I know how discouraging the initial attempts at forming the exercise habit can be, especially if one is much out of condition to start with. In the original Aerobics book, Kenneth Cooper described the typical reactions of people to their exercise programs this way: "First agony, then discouragement, then determination, then progress, then success, then smugness." If not agony, at least a certain amount of discomfort is likely for anyone who has not been exercising much previously. The "determination" phase is the hardest to get through and can take several months. A person in poor condition could take as long as six months. A person with a chronic health problem might need even longer. But when the progress comes it can be astonishing. After struggling for a long time towards a particular exercise goal, you may one day find that not only has it been achieved, but easily surpassed. Once you have reached the point of being able to do enough exercise to stay in good condition, and to do it without discomfort or fatigue, then you can feel "successful". At this point most are hooked on exercise, and will probably try to do more, and to be in "better than good enough" condition. Then may come the smugness, maddening to the non-exercisers, but very satisfying to you!

Even after one is quite accustomed to regular exercising, and enjoying it, difficult times can interfere. One common enough problem is illness or injury. One may get the flu or some other sickness which makes it advisable to rest for a few days or more. If you get back to exercising too soon, you may slow down your recovery and also feel very discouraged about your lack of ability to perform. On the other hand, you don't want to wait too long, either, because exercise could help you feel better faster. Or inactivity could get to be a habit.

Another obstacle might be bad weather if you are an outdoor exerciser. You should be getting exercise at least four times a week. So you can't sit around waiting too long for the weather to improve. If it stays nasty for a while, you'd be best to substitute another exercise.

Perhaps you may experience some emotional upset in your life, which throws you off your usual routine, and you may be tempted to drop the exercising. Remember that exercise can have a relaxing and invigorating effect. This may be something that you can use at such a time.

Or you may just become very busy and have difficulty finding time to exercise. This is a poor excuse for not exercising (though I admit to using it myself). The added tension that comes with excessive busy-ness can be lessened by "exercising it off." Another possibility is that some of the busy-ness itself may count for some of your exercise. People often say they don't need to do extra exercise because they already work very hard. Sometimes this is true. But one must be doing work which sustains the heartbeat at a sufficient rate for a sufficient length of time to be comparable to the running, swimming, bicycling and other exercises I have described previously. This would probably only apply to people doing heavy outdoor work. Most of us have to do heavy work sometimes. Snow-shoveling or mowing a large uneven lawn would qualify as good exercise.

Another source of credit for exercising comes from participation in sports. Here again, the duration and intensity of the activity is important in calculating its value in developing fitness. As the following sports vary in their demands on the body, so does the time that one must participate to get some training effect from them. But they are all of potential value; badminton, canoeing, fencing, football, golf (no motorized cart), hockey, lacrosse, soccer, skating, skiing and cross-country skiing, tennis, volleyball and wrestling. Wrestling, cross-country skiing and fast canoeing are most demanding and fast canoeing are most demanding. Then some hockey, lacrosse and soccer, which are about equally active. Least credit is earned for skating, volleyball and golf.

Now I hope proponents of these various sports won't get up in arms about these relative evaluations. All are worthwhile for other reasons too. But it is a fact that some sports exercise the cardio-vascular system more quickly, and these comparisons are based on the time it takes for the heart and lungs to benefit from the exercise. I know I would much sooner spend a long time at badminton or skating than even the shortest time at lacrosse or football! On the other hand I enjoy cross-country skiing and canoeing which are relatively vigorous, and shun volleyball because of a weak wrist and downhill skiing because of plain fear. Obviously one picks a sport for other reasons than to get credit for exercise. We do what we like, or what our friends are doing, or what we have an aptitude for, and let the points fall where they may. And that's as it should be.

In addition to heavy tasks and participation in sports, another activity that can earn you exercise credit is incidental walking or bicycling. If you walk or bicycle a couple of miles to the store and back fairly quickly, you may not have intended it primarily as exercise. But it's worth just as much.

Stanhope township council

The regular meeting for the month of June was held on June 8th, 1977.

Members present were Reeve S.G. Nesbitt; Deputy Reeve James Harrison, and councillors John Tomlinson and Elgin Stouffer.

Also in attendance were the following: Mrs. Louise Watson, Secretary Treasurer Airport Committee; Mr. Victor MacBrien re: Trailer, Mr. Robert Fisher, Municipal Auditor; Representatives from R.S.H. Limited re: proposed plan of subdivision; Stanhope Fire Department; John Barclay, Recreation Committee; Alex Stevenson, Library Committee; Cliff Burke, Minden PROGRESS; Mr. MacLachlan, Mr. Gooderham and Mr. Bunker, re: transfer of highway; Mr. Bruce Cook, Road Superintendent and Mr. James Moore, Bylaw Enforcement Officer.

1. Moved by Elgin Stouffer, seconded by John Tomlinson be it resolved the minutes of the meeting held May 11, 1977 be adopted as circulated. Carried.

2. Moved by John Tomlinson, seconded by Jim Harrison, be it resolved the Tyagi Film Limited be granted permission to utilize the picnic area in the Hawk Valley Park for the purpose of filming a picture on July 25 and 26, 1977. Also, permission is hereby granted to take one car beyond the padlocked gate during these days. Carried.

3. Moved by John Tomlinson, seconded by Jim Harrison, be it resolved that council approve the proposed filling in Maple Lake fronting on Part Lot 29, Concession 5; property owned by Mr. Alec Murray conditional upon the sand being clean beach sand and approved by the Bylaw Officer of the Township of Stanhope. Carried.

4. Moved by Elgin Stouffer, seconded by John Tomlinson be it resolved that council authorize the Clerk to attend the A.M.C.T. Annual Conference on June 19-22, 1977 and approval is hereby granted to forward the required registration fee. Carried.

5. Moved by John Tomlinson, seconded by Elgin Stouffer, be it resolved that council approve payment of the registration fee to the Camp Summerland Leadership School for the 1977 training program being conducted by the Ministry of Culture and Recreation for summer recreation leaders, Miss Carolyn Kinsman to attend for Stanhope. Carried.

6. Moved by John Tomlinson, seconded by Elgin Stouffer, that council adjourn to a Committee of the Whole for a discussion on business which is presently considered private and confidential. Carried.

7. Moved by Elgin Stouffer, seconded by John Tomlinson be it resolved that council concur in principle with the acceptance of property being described as road allowance on Part Lot 8, Concession 4, Parts 5 and 6, Plan 19R1347. However, Council's precedence in these matters has been not to accept any financial liability of the transactions. Carried.

8. Moved by Jim Harrison, seconded by John Tomlinson

be it resolved that the Township of Stanhope assume and maintain the section of old Highway 35, subject to ownership, lying in Lot 31, Concession A, including part 3, and a letter be forwarded to the Ministry of Transportation and Communications in this respect. Carried.

9. Moved by Jim Harrison, seconded by Elgin Stouffer, be it resolved that Tandem Truck rates be increased to \$20.50 per hour, Straight Trucks to \$15.00 per hour and Loader rates be increased to comply with the Ministry of Transportation and Communication schedules. This increase being the county rates and Ministry of Transportation and Communications rates respectively and to take effect June 1, 1977. Carried.

10. Moved by John Tomlinson, seconded by Jim Harrison, be it resolved that general accounts totalling \$8,314.46; May, 1977 Wel-

fare Voucher totalling \$485.00 and Road Voucher #5 totalling \$14,309.45 be allowed for payment. Carried.

11. Moved by John Tomlinson, seconded by Jim Harrison, be it resolved that council approve donations totalling \$1,000.00 for 1977. Carried.

12. Moved by John Tomlinson, seconded by Elgin Stouffer, be it resolved that council approve payments totalling \$4,723.21 under the 1977 Canada Works Program to this date. Carried.

13. Bylaws 77-16 to authorize an offer payment of expropriated land and Bylaw 77-17 to levy and collect rates in 1977 were received and read a first time. Carried.

Bylaws 77-16 and 77-17 were read a second time and referred to a committee of the whole council with

James Harrison appointed Chairman. Carried without amendment.

Bylaws 77-16 and 77-17 as reported by the committee of the whole were read a third time, passed, signed and sealed. Carried.

14. Moved by Jim Harrison, seconded by John Tomlinson be it resolved this meeting do now adjourn at 6:00 p.m., until July 6, 1977, at 9:30 a.m., unless called sooner by the Reeve. Carried.

Gems of Truth

It is not too difficult to define the word "Englishman", "Scotchman", or "Irish" and "American", as it simply means one born in either of these countries. But what of the "Jew"?

That name is well known all over the world, yet not too many people can tell you how the name was given and the origin of it.

Usually the Jew is identified with business, and is even looked upon as a sharp minded person who looks after his business with zest and attractiveness. He is classed with the go-getters of society and often hated for his frugal ways by competitive sources. He is known as a worldly-minded man seeking to secure for himself a semblance of acceptance and the right to a livelihood wherever he may be.

Very few people know that the "Jew" will one day be the nation who will teach the world the true Word of God, and be the evangelists of the Gospel to all nations. This will take place because the Lord God has so declared and in His own time will bring it to pass. Zechariah 8:22-23.

The biblical names by which this people is known are "Hebrews", "Israelites", and "Jews". The name "Hebrew" stands "first" in line of identification in scripture. It was given to Abraham as he "passed over" into the land of Canaan and is consistently used in his line of heritage unto the days of Jacob.

When Joseph, who was Abraham's great grandson, told the chief butler of the King of Egypt where he came from, he said, "I was stolen away out of the land of the Hebrews" Genesis 40:15. When Joseph's brethren had a meal with him in the presence of some Egyptians, the Word says that separate tables were set for Joseph and his brethren because the Egyptians could not eat with the Hebrews. 43:32.

Again, when Pharaoh's daughter found Moses, she said, "This is one of the Hebrews' children." Exodus 2:6. Even Moses' sister called her nation by the name "Hebrew". Talking to Pharaoh's daughter she said, "Shall I go and call to thee a nurse of the Hebrew women?" Verse 7.

Some eighty years later, when God appeared to Moses, he was requested to go to Egypt and tell the

King, "The Lord God of the Hebrews hath met with us." Exodus 3:18, 7:16, 9:1-13, 10:3. In the time of King Saul and David, the term "hebrews" was used. 1 Sam. 4:6-9, 13:3-19, 14:11-21. In Jonah 1:9 we find Jonah saying "I am an Hebrew." The Apostle Paul called himself "an Hebrew of the Hebrews." Phil. 3:5.

The Old Testament writers apply to the Israelites the term "Hebrews", either when speaking about other nationalities or where a distinction of nations was needed. Among the people themselves, the term "Israel" or "Jew" only was used.

Israel was the name given to Jacob (Abraham's grandson) by God Himself. In Genesis 35:10 we read, "and He called his name Israel." Also, verse 28 uses the word "prince" and apparently the word "sar" in Hebrew means prince. "El" means "God", thus the word "Israel".

Jacob then was the first "Israelite" and his descendants are all Israelites by birth, except one of his children who was called "Jew" by his mother Leah. She called him this in honor to God and no doubt as a prophecy of his future among his brethren, saying, "Now I will praise the Lord". Gen. 29:35. To her fourth son she gave the

name "Judah" and "Jew" is an abbreviation of that name. It is thus that all the descendants of Israel's boy Judah are Jews and each individual is called "Jew" because he is of the tribe of Judah.

Not until the Hebrew race was divided into two kingdoms, after the death of Solomon, does the phrase Israel and Judah frequently appear. The northern part of Hebrew kingdom was composed of ten tribes and remained as Israelites. The southern part consisted now of Judah and Benjamin. The Israelite kingdom was destroyed by Assyria in 724 B.C. and thereafter the name "Jew" becomes more prominent. Those who remained in the land were of the tribe of Judah and the name "Jew" is largely used of them even into New Testament days.

The Lord Jesus was a descendant of Judah and therefore a Jew by his human birth. He was also the true Messiah who has fulfilled all the types, prophecies, and promises of the past and who is coming again to earth to complete the list of unfulfilled ones. Are we anxiously awaiting the return of the "greatest Jew" ever known? The "Lion of the Tribe of Judah" is He, even our Lord Jesus Christ.

The Word of God

by Brian V. Sullivan

In the past few weeks we have been examining the events surrounding the baptism of Jesus by John. Now that we have some background understanding of the subject, let us make some applications from those events.

One cannot view the description of that event without concluding that Jesus was the Christ of God. Through the Old Testament period God had promised to send His Son. Then, as the New Testament record unfolds, we see God bring the promises closer to fulfillment. The birth of John the forerunner, the birth of Jesus, and the testimony of super-natural events at his birth all point to his being the Son of God. Now, some thirty years after his birth, His ministry is to begin and God affirms in positive fashion His Divine Authority. To deny that Jesus is the Christ, the Son

of God, is to reject the testimony of the Father, the Holy Spirit, and the Son himself.

A second important lesson we learn from the baptism of Jesus is that obedience to God's will is essential. John was hesitant about baptizing Jesus. Yet, as Jesus made clear, it was essential to fulfill all righteousness. If Jesus had turned aside from God's will in this one point, He would have forfeited everything. Jesus would not settle for less than what God had desired. Friend, what about you? Are you compromising the will of God? Are you content with something less than complete obedience? If it was essential for the sinless, perfect Son of God to be obedient to his Father's will in all areas, how much more we?

Listen to the words of Jesus himself: "Not everyone that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven. Many will say to me in that day, Lord, Lord, have we not prophesied in thy name? and in thy name have cast out devils? and in thy name done many wonderful works? And then will I profess unto them, I never knew you, depart from me, ye that work iniquity" (Matthew 7:21-23). On another occasion Jesus said: "And why call ye me, Lord, Lord, and do not the things which I say?" (Luke 6:46). Yes, obedience is essential!

Another great lesson we can learn from this passage of scripture is summarized by the words of the Heavenly Father, in which He says: "In whom I am well pleased." Jesus had lived in a way that pleased the Father. His first thirty years on this earth were acceptable in God's sight and God placed His stamp of approval on them. We need to realize that God will only approve of that which is right in His sight. Men and women of our world may offer words of commendation that are lightly spoken, but the God of heaven will not. When God attaches His commendation it will be a valid declaration. God will not speak it, or offer it, unless there is good reason for it.

One day every one of us will stand before the throne of judgement and answer for what we have done with our time, talent, and earthly goods. God will either commend us, or condemn us, in that day. We, right now, today...have opportunity to serve and glorify God. If you were called away from this earth life right this moment, what would God be able to say concerning you. Would he be able to smile with approval and say: "this is my child in whom I am well pleased." Think about it, and measure yourself by His word and will (2 Timothy 3:16-17), not by your own standard (2 Corinthians 10:18). Your eternal welfare depends on your life here and now. How do you stand before God?

Monmouth Council

The regular meeting for the month of June was held on June 6th, 1977, at 10:00 a.m. with Reeve K. Gary Agnew in the chair and Deputy Reeve, Keith Tallman and councillors, Mary Barker, Carman Coumbs and Margaret Finlay present. Visitors were Mr. George Grant re part Lot 31, Concession 16 and Mr. Dennis Byers re County Road No. 4 and members of staff, Mr. Keith Cameron, Building Inspector and Mr. Ted Sheehy, Road Superintendent.

77-121 Moved by Tallman, seconded by Finlay, that the minutes of the regular meeting held on May 2nd, 1977, at 10:00 a.m., and Special Meetings held on May 12th, 1977 at 7:30 p.m. and May 29th, 1977, at 12:30 p.m. be adopted as circulated. Carried.

77-122 Moved by Coumbs, seconded by Barker, that the following bills and accounts be paid:

-General Voucher No. 5 \$51,291.00
-Welfare Payroll No. 5 \$518.63
-O.H.R.P. Voucher No. 4 \$1,456.66

Haliburton Track and Field results

Last Wednesday was Track and Field day for Haliburton County. The event was held on the field of H.H.S.S. under sunny and warm skies with well over 400 students in attendance from all of the counties public schools. The event, held in the middle of examinations, gave many students a welcome break.

Bill Paine and Diane Booth pick the numbers drawn in the Minden Kinsmen's Marathon Draw and Dance, last Saturday. A large billboard had all the numbers posted and one by one, as they were drawn, they were crossed out. Winner of first prize of \$1,000 was Jane Boreham, Colborne and second prize, \$100, went to Jennifer Porter, Downsview.

The Haliburton County Track & Field Meet was held last week with Haliburton winning the A Division, Cardiff taking the B Division.

Highway contract awarded

Transportation and Communications Minister, James Snow, has announced the award of a contract for Highway 503 in Bancroft district. The contract is for grading, drainage, granular base and hot mix paving on Highway 503 from Highway 121 Kinmount, easterly to Irondale bridge for 6 miles. Work on the project is scheduled to begin in June, 1977 with completion set for mid-summer, 1978. The contract is awarded to Harnden and King Construction Limited of Cobourg at a cost of \$1,414,735.

be sent to Mrs. S. Blears in appreciation of her work on these.

Those wishing Secret Pals for the coming year drew one at this time. The next meeting will be at the Orange Hall, September 21st, at 2 p.m., with Mrs. J. Hulbig in charge of the programme. A sincere welcome is extended to all ladies to join us at this and share our fellowship.

Minden News

from page 5

Brysdon family at their cottage on Buckslide road.

Don't forget the Immunization Clinic for Polio and Tetanus at Minden Municipal Offices, Wednesday, June 29th, from 2:30 to 7:30.

The county council sent representatives to the County Fair Directors' Meeting on the 15th of June to discuss combined celebration of the Queens Jubilee.

Mr. & Mrs. Glen Sears and Family, of West Hill, were Saturday guests with his parents, Mr. & Mrs. M. Sears.

Weekend guests with his parents, Mr. & Mrs. Lyman Cox, were the Ron Cox Family, of Peterborough.

The School Fair Exhibit, from Archie Stouffer Public School, on display at Hyland Crest Auditorium, and sponsored by Minden Women's Institute, had a fair crowd in to see it. There were four groups and prizes went as follows:

Group 1 - Kindergarten and Grades 1 & 2 - 1 Terri Legge, 2 Michael Carr, 3 Laura Cross.

Group 2 - Grades 3 & 4 - 1 Donna Lee Sisson, 2 Lori Ann O'Brien, 3 Christine Warburton.

Group 3 - Grades 5 & 6 - 1 Wade Barry, 2 Tim Dufty, 3 Stanley Brown.

Group 4 - Grades 7 & 8 - 1 Shane Blakey, 2 Suzanne Carrell, 3 Joanne Cox.

The twelve winning entries will be on display at the Fair in August if you missed seeing the whole display.

Mr. & Mrs. Ted Johnson and Randy, of Scarborough, spent the weekend with her parents Mr. & Mrs. Fred Wright.

Congratulations to Joan Hatkoski who won the jackpot of \$250 in 53 numbers, called at Rotary Bingo last Thursday night.

County interested in budworms

County council is interested in Spruce budworms, or at least trees affected by them. Brian Croft of the Ministry of Natural Resources appeared before council last Wednesday to discuss the

salvage of spruce budworm trees. Mr. Croft started his discussion with a description of how to give district cutting licenses to commercial operators.

Dysart et al Reeve, Murray Fearrey, asked if it

wouldn't be possible to get funding on the basis of the dead trees being a fire hazard. Mr. Croft replied that it could be a "possibility".

He noted that they could be considered a fire hazard where a pure stand of Spruce has been killed off with a lesser degree of hazard where the stands are mixed with other trees.

Sinclair Nesbitt, Reeve of Stanhope, explained that council was interested in outside funding for the simple reason that it isn't economically feasible to suggest a commercial operation. This would involve building roads possibly two miles in some cases just to get the dead trees, he said.

He pointed out that it is in the interest of the ministry to fund such projects as the funds currently being spent in the county, on Elm trees

killed by Dutch Elm Disease, amounts to more than a hundred thousand dollars to date.

"I think what we would like from your department is someone who is concerned that the disease is not going

to spread," said Mr. Nesbitt.

Mr. Croft added that no one is really sure what the budworm problem will do, whether it dies out and disappears or does indeed spread.

New soccer league

Despite unpredictable weather the new soccer league for Haliburton had surprising turnouts on Saturday and Sunday.

Practises were held on both days.

New members are still welcome to join the league and participate in what is one of the fast growing sports in North America and is the largest participation sport in the world. Anyone interested in coaching or officiating would also be welcome.

The organizers of the league offer special thanks to Mike Doherty and Joe Shapero for sponsoring equipment.

\$27,462.68 in insurance

The Haliburton County Board of Education has agreed to pay \$27,462.68 for insurance and the business administrator is directed to arrange for an addition of \$1,000,000 errors and omissions insurance with a \$500 deductible.

There has also been an increase in the principal sum from \$25,000 to \$50,000 for the municipal accident policy covering trustees and administrators. The policy is for the trustees and administrators when they are on school board business.

The insurance is purchased from Frank Cowan Company, through its agent, Cliff Dawson Insurance. Rick Poole, chairman of the board, explained that local insurance agents participate in the plan.

HOME of the WEEK

PLAN N° 66-1020
AREA: 1020 sq. ft.
WIDTH: 46 ft. 4 in.

ECONOMICAL COMPACT
Plan No.: 66-1020

This economical three bedroom home, has a full, undeveloped basement, perfect for future expansion and often necessary in a compact home. The exterior provides and attractive contrast of brick veneer and verticle siding on the gables. A large roof over-hang gives protection from the weather at the front entry.

The well planned kitchen, provides extra space to situate a handy eating area. For those who require larger or perhaps more formal dining arrangements, plenty of space is available in the large open living-dining room.

His and her closets provide ample storage in the master bedroom. The three piece bath with its central location serves all the bedrooms as well as acting as the guest powder room.

Although this plan features a single garage, a simple extension of the gable roof and a change to the walls - modifications any building could make during construction, would provide a larger two car garage. Always check to make sure your building site will accommodate the extra width, before the changes are started.

Plans for design number 66-1020 may be obtained at a cost of \$50 for the first set and \$9 for each additional set, plus \$3.50 for postage and handling.

Send the current edition of Select Home Designs Series #33 featuring imaginative decorating and home improvement ideas plus more than 300 quality home plans of every type. Available for \$2.25 (\$1.75 plus 50 cents postage and handling). To order these items please send cheque or money order payable to the Home of the Week. Address to: Home of the Week, c/o The Haliburton County Echo, 382 West Broadway, Vancouver, B.C. V5Y 1R2.
